SUMMARY

Aspiring Software Engineer with hands-on experience in full-stack development using Django and Python. Skilled in integrating AI solutions and committed to developing inclusive digital experiences.

EDUCATION

Bachelor of Technology

St. Martin's Engineering College

2022 - Present

Hyderabad, Telangana

CGPA: 8.03 / 10

Intermediate Education (TSBIE)

Narayana Junior College

2020 - 2022

Hyderabad, Telangana

93%

EXPERIENCE

Zapuz

Python Developer Intern

Oct 2024 – Apr 2025

Basantapur, West Bengal

- Gained hands-on experience with Django, developed and managed backend for dynamic web applications
- Engineered low-code solutions using Tooljet — to rapidly prototype, build, and deploy functional web applications
- Developed and deployed 2 full-stack Django applications serving 200+ users, improving feature rollout time by 30
- Utilized Git/GitHub for version control and actively participated in code reviews and team discussions ,troubleshoot bugs, and implement feature enhancements.

CERTIFICATIONS

Supervised Machine Learning | Coursera

2025

- Foundational knowledge in machine learning techniques using supervised learning method.
- Linear and logistic regression, gradient descent, overfitting, regularization, and model evaluation.

Azure AI Fundamentals | Microsoft

2025

- Validated knowledge of AI workloads, principles of machine learning, computer vision , NLP and AI.

Python Programming | Infosys Spring Board

2023

- Validates foundational skills in Python, including data types, control structures, functions, file handling, and basic object-oriented programming.

SKILLS

- **Languages:** Python, Java, C
- **AI/ML Libraries:** Numpy, Pandas, Scikit-Learn
- **Frontend:** HTML, CSS, React.js
- **Web/Backend:** Django
- **Core CS:** Data Structures & Algorithms, OOPS, DBMS, OS, CN
- **Soft Skills:** Problem-solving, Communication, Collaboration, Proactive Learning

ACHIEVEMENTS

Hackathon

2025

- Achieved 2nd place in Idea X Pitch Fest hackathon by developing an AI-powered cybersecurity and vulnerability detection platform collaborating with a team to design, implement, and present an innovative solution.

CO-CURRICULAR ACTIVITIES

Co-Ho

2023 - Present

Python Team Lead

St. Martin's Engineering College

- Led the Python team in organizing workshops, coding sessions, and technical events, mentoring members to improve programming skills.
- Passionate about building inclusive, accessible, and scalable AI-driven software while fostering collaboration and team growth.

Volunteered

Quantanova

- Volunteered for a 24-hour Hackathon organized at St. Martin's Engineering College assisted participants and managed event logistics.
